

Laporan Minggu 3

Implementasi Layanan Inti
Final Project Cloud Computing - Kelompok 11
Cloud-Based Data Processing and Monitoring Platform on Microsoft Azure

Nama	Peran
Naufal Ihsan Sriyanto	DevOps Engineer
Zhykwa Ceryl Mavanudin	Cloud Architect
Muhammad Arifin Ilham	Backend Developer
Rendy Saputra	Security Engineer

Tujuan

Minggu 3 memastikan sistem berjalan end-to-end: frontend, proxy, backend, database, object storage, secret management, dan pengujian fungsional.

Komponen Layanan Inti

Komponen	Layanan	Status
Frontend	Cloudflare Pages	Selesai
Proxy API	Cloudflare Pages Function /api	Selesai
Backend	Azure Functions Python	Selesai
Database	Azure Cosmos DB	Selesai
Storage	Azure Blob Storage raw-data	Selesai
Secrets	Azure Key Vault dan Cloudflare env	Selesai
Monitoring	Application Insights	Selesai

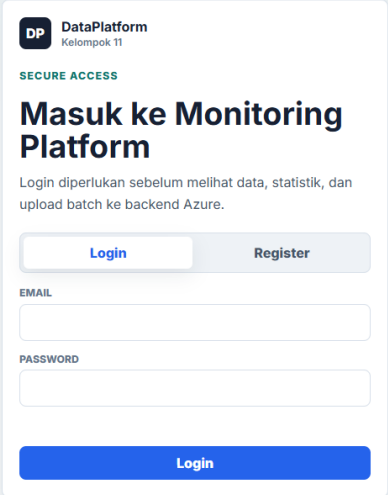

Endpoint Utama

Method	Endpoint	Fungsi
GET	/api/hello	Health check
POST	/api/register	Registrasi user
POST	/api/login	Login user
GET	/api/me	Profil user aktif
GET	/api/stats	Statistik data
GET	/api/data	Data terbaru
POST	/api/analyze	Analisis data tanpa simpan
POST	/api/upload	Upload JSON/CSV/XLSX/XLS
GET	/api/analytics	Chart dan profiling
GET	/api/admin/users	Admin-only user management

Pengujian Fungsional

- Register user baru tersimpan di Cosmos DB container users.
- Login mengembalikan token sesi.
- Upload file diproses dan disimpan ke telemetry-data.
- User biasa hanya melihat data upload miliknya sendiri.
- Admin dapat melihat panel user management.
- Script test tersedia pada scripts/test-auth-db.ps1.

Bukti UI Login

The image shows a login interface for 'DataPlatform' by 'Kelompok 11'. The interface is centered on a light blue background. It features a white card with a dark blue logo and the text 'DataPlatform Kelompok 11'. Below this, it says 'SECURE ACCESS' in green. The main heading is 'Masuk ke Monitoring Platform' in bold black. A subtext explains that login is required to view data, statistics, and upload batches to the Azure backend. There are two buttons: 'Login' (highlighted in blue) and 'Register' (light blue). Below these are input fields for 'EMAIL' and 'PASSWORD', each with a label above it. At the bottom of the card is a large blue 'Login' button.
